WHAT WE DO

Comprehensive Hygiene Coaching

We will review your hygiene department and evaluate your current systems and resources that are being utilized. We provide specific goals and action plans for your team to ensure your hygiene department is successful. Each visit targets specific area goals to achieve ultimate growth & success.

Custom Systems and Implementation

Your hygiene department requires systems, processes and procedures to enable it to function smoothly. Our team will work with you to establish and implement detailed and accurate SOP's for your hygiene department.

Onsite Visits and Remote Coaching

Our coaches will visit your practice and spend time in the practice observing, coaching and reviewing systems with a hands on team meeting. This will provide your team a customized approach for your hygiene department. You and your team will receive remote coaching and communication monthly.
